MEMORANDUM FOR: Administrative Officer, DCI Area

SUBJECT: Revised FY 1974 Staff Personnel
Allocations

1. In accordance with the Director's discussion of 4 April and subsequent instructions from the Executive Secretary of the CIA Management Committee, the revised FY 1974 staff personnel allocation for the DCI Area is ☐. The specific component breakdown within this allocation will have to be worked out by the Director and the Executive Secretary in the near future.

2. This allocation is based on the organizational structure on 31 March 1973 and excludes any transfers of offices from one Directorate or area to another to be effected since that time. Appropriate adjustments in the ceilings will be made as the transfers are approved.

3. Since Program Submission data due in O/PPB by 30 April 1973 is in final stages of completion and since it will take considerable time to make final decisions on the restructuring of programs for 1974 and 1975 based on the above allocation, current Program Submission efforts by the DCI offices need not reflect any revised allocations. Rather, the offices should plan to submit a paper to the Director by 15 June 1973 indicating specific program adjustments that will have to take place during FY 1974 to accommodate the new personnel allocations.

4. FY 1973 ceilings will remain the same even though our estimated 30 June on-duty strength will be considerably lower than the ceilings in most cases.

5. FY 1974 staffing complements based on the Congressional Budget levels are still required for submission to the Office of
